

'The Fearless Chef' at Ronald McDonald House Auckland

Are you seeking an engaging, collaborative and rewarding team building experience for your employees? Well look no further! I can guarantee you a fusion of team work, engagement, active leadership and co-operation through our Fearless Chef experience. It will provide all the benefits of team building exercise whilst supporting Ronald McDonald House Charities® New Zealand.

How it works

Up to 20 colleagues will be split into small teams to undertake a series of food related challenges. The session will culminate with each team producing a platter of food which will be judged (often by the kids at the House) on taste, presentation as well as team work and innovation. We can inspire even the most reluctant participant and guarantee they will leave with a smile that just won't quit!

Details

Corporate Team Chef takes place on Friday afternoons and this amazing team experience is only \$2250 + GST. All you need to do is show up and everything will be ready for you.

Key team building skills your employees will learn:

- Innovation and Negotiation – Teams work together to determine the menu
- Delegation – allocation of roles in the cooking challenge
- Project Co-ordination – preparation of food to create a final product
- Co-operation– plating up the meal
- Performance Review – judgment based on all of the above

What is especially unique about this session is that it takes place at the kitchen at Ronald McDonald House Auckland where the younger residents are always keen to help judge and interact with your team! This makes your shared experience incredibly rewarding. The afternoon will begin with a tour of the House and all the food produced will be left for the families living at the House to enjoy, making for a welcome treat after a long day on the hospital ward.

As an Ambassador for Ronald McDonald House Charities, I donate back to the charity 50% of my hosting fee to support families.
