

Sponsor A Room

Fostering a lasting bond, meaningful interaction, and collective influence with RMHC® New Zealand.

Ronald McDonald House Charities® (RMHC®)

RMHC® New Zealand has been strengthening thousands of New Zealand families with a child in hospital since 1989.

Our Ronald McDonald House programmes provide much-needed practical relief for families free of charge – providing a place to sleep, organising family meals, and being a friendly ear to listen on tough days.

But we cannot do it alone.

RMHC® NZ relies on the support of the entire community and greatly values the generous donations we receive. Without our invaluable room sponsors, we couldn't help the thousands of families that need RMHC NZ every year.

Why Sponsor a Room?

Your commitment to Sponsor a Room has the power to change the lives of thousands of families who stay at a Ronald McDonald House®.

Room sponsorship enables you to engage directly with the House and families while providing much-needed financial support.

As hospital stays, treatments and surgeries increase annually, so does the demand for our service. Your sponsorship ensures we can help those families in need.

Together we can:

- Improve health outcomes for children
- Enhance family wellbeing
- Ease financial burden

Benefits

Sponsoring a room carries a range of meaningful benefits that begin when we attach your plaque to the door of your room, and these benefits continue for the duration of your contract and include the following:

Tangible in-house recognition with a customised plaque for the duration of your sponsorship term

Sponsor a Room framed certificate

Invitation to networking events

Colleague and customer engagement activity with priority access to our volunteer family dinner cook night programme

Annual personalised impact report outlining the number of families your Room Sponsorship has positively impacted

On-screen recognition in the House where your sponsored room is located

Listing on the RMHC New Zealand Sponsor a Room web page for the duration of your sponsorship term

First right of renewal for your sponsored room

And most important of all...

The knowledge that you are directly responsible for affording an irreplaceable experience to a family with a child in a hospital away from home, and providing the ongoing care and comfort they greatly need at such a difficult time.

"Having a place like RMHC where we know we'll be welcomed with open arms at any time alleviates so much worry.

Being able to connect with other families who truly understand the heartbreak and challenges of having a sick child has been a godsend for us and so many others."
